WORLD-CLASS BIOMETRICS & IDENTITY MANAGEMENT ASSETS

- 1. Azimuth – Morgantown, Fairmont**
Specializes in engineering, fabrication and engineering services; imagery analysis and exploitation; software engineering and integrated logistical support.
- 2. Biometric ID Systems – Fairmont**
Involved with facial recognition, fingerprints, iris recognition and palm prints.
- 3. Biometric Services International (BSI) – Morgantown**
A subsidiary of the National Biometric Security Project, BSI provides secure biometric access control expertise and unbiased and objective evaluations of biometric technology, products, and related enterprise solutions.
- 4. Blanchette Rockefeller Neurosciences Institute – Morgantown**
Unique, independent, non-profit institute dedicated to the study of both memory and memory disorders.
- 5. Booz Allan Hamilton – Morgantown**
Booz Allen Hamilton is a leading strategy and technology consulting firm helping government agencies, corporations, institutions, and not-for-profit organizations achieve success in their most critical missions.
- 6. Complete Consultants Worldwide (CCW) – Bridgeport**
CCW brings examination services from non-centralized, but incorporated experts in their home-offices to government clients.
- 7. CSC Identity Labs- Fairmont**
CSC Identity Labs is the technical backbone of CSC's Identity Management High Growth Market Segment. The CSC Identity Labs team is composed of engineers and subject matter experts who specialize in biometrics.
- 8. Department of Defense Biometrics Task Force – Clarksburg**
The U.S. Department of the Army Biometrics Task Force (BTF) is the biometrics technology center of excellence for the Army and the entire Department of Defense.
- 9. Extreme Endeavors Consulting – Philippi**
An advanced research and design company that established a foundation to take scientific advancements and exploration throughout Antarctica.
- 10. FBI Criminal Justice Information Services Division (CJIS) – Clarksburg**
CJIS has the largest biometric database in the world. The Integrated Automated Fingerprint Identification System developed by Lockheed Martin, contains the fingerprints and corresponding criminal history information of more than 53 million subjects.
- 11. Galaxy Global Corporation – Fairmont**
Offers a broad portfolio of program management and information technology support and solutions.
- 12. Global Science and Technology (GST) – Fairmont**
GST provides superior service in the fields of science, engineering, and information technology (IT) for Government and industry clients worldwide.
- 13. HCS Technologies – Morgantown**
HCS Technologies is a cutting edge integrator with a staff trained and certified in biometric / identity management device and infrastructure installation and maintenance.
- 14. HGO Technology – Wheeling**
HGO Technology specializes in computerization consulting, network engineering, and web, database, and software development.
- 15. Ideal Innovations I3 – Clarksburg**
Specializing in high technology inventions and solutions, I3 provides cutting-edge technological, scientific, engineering and security solutions to government and private industry.
- 16. Information Research Corporation – Fairmont, Weston**
IRC provides information technology solutions for Federal agencies and commercial clients in areas such as information systems integration, enterprise hardware and software solutions.
- 17. Innovative Management Technology Services (IMTS) – Fairmont**
IMTS is a leading supplier of advanced computing and enterprise and information technology services.
- 18. Lockheed Martin – Fairmont**
Lockheed Martin homeland security and homeland defense capabilities provide technological capabilities to help protect our homeland, including satellite imagery to track threats, systems to analyze complex security data and deploying fingerprint ID technology for rapid first response.
- 19. Lockheed Martin, Biometric Experimentation and Advanced Concepts Center (BEACON) – Clarksburg**
BEACON, serves as a cooperative center for biometrics research and brings together Lockheed Martin staff, customers and industry partners to develop integrated biometrics and identity management solutions.
- 20. ManTech Enterprise Integration Center – Fairmont, Hinton**
The ManTech Enterprise Integration Center (e IC), is a preeminent provider of high quality biometrics and Service Oriented Architecture (SOA) information.
- 21. Marshall University – Huntington**
The Marshall University Forensic Science Center is dedicated to providing the highest quality forensic analysis and is the first university to partner with a state crime laboratory on the CODIS database.
- 22. Marshall University Forensic Science Center – Huntington**
The Marshall University Forensic Science Center is a grant-funded program of the National Institute of Justice (NIJ). The Center responds to the needs of the national forensics community as a model-working laboratory.
- 23. Michael D Kirkpatrick – Morgantown**
Independent consultancy emphasizing expertise in biometric systems and their applications, including identity management, fingerprint-based non-criminal justice background checks, homeland security, and law enforcement.
- 24. MITRE – Bridgeport**
The MITRE Corporation is a not-for-profit organization chartered to work in the public interest. Expertise is applied in systems engineering, information technology, operational concepts, and enterprise modernization.
- 25. NewBold Enterprises – Fairmont**
Provides the support needed to ensure a zero percent rejection rate on transactions submitted to the FBI's Integrated Automated Fingerprint Identification System (IAFIS) and the DoD's Automated Biometric Identification System (ABIS).
- 26. Northrop Grumman – Fairmont**
Northrop Grumman Information Systems is a leading global provider of advanced solutions that deliver timely, enabling information where it's needed most for its military, intelligence, civilian, commercial and state and local customers.
- 27. Performance Results Corporation (PRC) – Morgantown**
PRC is a leader in providing quality service, support, and solutions to numerous Government and commercial entities. PRC maintains a team of experts who specialize in program and project management, technical and engineering consulting, facilities support, and IT support services.
- 28. Platinum Solutions – Bridgeport**
Platinum Solutions is a leader in providing government intelligence agencies with computer applications that fight terrorism, including projects in cryptanalysis, digital image analysis, and foreign language processing.
- 29. Plethora Technology – Kearneysville**
Plethora delivers next-generation software for secure information access and sharing. Plethora's Software as a Service (SaaS) offering, branded Enterprise-in-a-Flash, provides on-demand remote PC access, file sharing, and collaboration capabilities.
- 30. PPPFD – Shady Spring**
PPPFD works in the areas of facial recognition, fingerprints and voice recognition.
- 31. SecurLinX Corp – Morgantown**
SecurLinX is an advanced technology software development company offering middleware products and systems applied to information sharing, secure access, surveillance, and biometric identification.
- 32. Tygart Technology – Fairmont**
Tygart provides commercial quality custom software and IT services, supporting the intelligence community, Department of Justice, Department of Defense, and law enforcement agencies.
- 33. Videntity Systems – Morgantown**
Videntity is the maker of MedMeta.com, a Health Information Exchange specializing in hosted personal health record (PHR) solutions for health providers and payers.
- 34. West Virginia University – Morgantown**
WVU is a recognized international leader in the fields of biometrics and identity management offering both undergraduate and graduate degrees in biometrics and related fields. WVU also is the administrative home for the Center for Identification Technology Research (CITeR).
- 35. West Virginia High Technology Consortium Foundation (WVHTC) – Fairmont**
The WVHTC is focused on training and supporting the high-technology industry through commercialization services, business collaboration, capitalization assistance, technology management and world-class office and lab space.
- 36. Yura Consulting – Morgantown**
Yura is an independent biometric and identity management consulting service.
